## School Vision and Mission Statements for (Durham School of the Arts)

Vision:
About our Students: All Students have the desire and ability to learn. All students have the capacity to create and respond to the arts. Students use various intelligences that must be recognized and nurtured in developmentally appropriate ways.
About Our School:  A safe and secure school climate is an essential precondition for learning.  An atmosphere that fosters independence and exploration is essential for the development of creative thinking.  An environment of encouragement and support to express differing points of view and the subsequent critical examination of their significance and to promote dialogue, respect, and understanding.
About Our Community: Students, as beneficiaries of the community, are responsible for actively pursuing their education. Students succeed best when they partner with parents, staff, the community and other students. About Diversity: Respect for and appreciation of people from diverse backgrounds is essential for a quality education and a healthy community.
About the Arts: The arts, a symbolic, universal form of communication are inherently worthwhile and are fundamental to a quality education.  About Learning:
Imagination is an important part of the learning process.  Discipline, perseverance, and concentration are key elements in academic and artistic education.
<b>Mission</b> : The mission of the Durham School of the Arts is to enable students from Diverse backgrounds to realize their individual academic potential and creative capacities through a rigorous academic program emphasizing excellence in the visual and performing arts.

## School Data and Summary Analysis

Use data identified on the Data Sources section (or from other sources) as the basis for understanding the school and identifying priority areas for improvement.

Guiding Questions: Review school data and consider a variety of perspectives including overall school/student performance, sub-group performance, attendance, teacher satisfaction, instructional practice (from walk-throughs/observations), and student learning (also from walk-throughs/observations as well as data).

## 1. What does the analysis tell you about your schools strengths?

The most recent set of data was used for this analysis. A detailed study of Durham School of the Arts data for 2011-2012 along with EOC and EOG Proficiency and Growth Reports show growth in many categories beginning in middle school and continuing into high school. Examples of proficiency growth in high school show EOC test scores increased from 90.5 to 91.4% and middle school EOG test cores increased from 80.5 to 82.8%, with an overall school composite of 85.8%. High growth was made for middle school reading and math as well as Biology (94.8%) and English I (94.5%). Algebra I met expected growth and increased from 77.6% to 85.1% proficiency. Performance on the AP exams was good. For the last 5 years, the % total AP students at DSA with scores 3, 4 or 5 was 77.6 - 86.6, compared to NC which was 61.7 - 63.4%, and global which was 60.1 - 61.4 (approx. 1.5 – 2.1 million tests). For 2011-2012, the total number of AP students at DSA increased by approximately 10% and 85.7% had scores of 3, 4 or 5. Our scores on the ACT test, given to all juniors for the first time in 11-12 school year, are above state-wide averages. The ACT provides College Readiness Benchmark Scores (The ACT defines a benchmark score as the minimum score needed on a subject area test to indicate a 75% chance of scoring a C or higher in the corresponding credit-bearing college courses: English Composition, Algebra, Social Science/Reading, Biology). English Composition was 59% met benchmark, Algebra 49% met benchmark, Reading 53%, Science 33%, 28% met all four benchmarks. DSA's benchmark scores on the first school-wide ACT administration were significantly higher than state averages. These scores were earned by students with little test-specific preparation, demonstrating that DSA provides a rigorous school-wide academic experience.

## 2. What does the analysis tell you about your schools gaps or opportunities for improvement?

By looking at student achievement at DSA, there is still room for improvement. Although high school EOC test scores increased to 91.4% and middle school EOG scores increased to 82.8% with an overall school composite of 85.8%, we are concerned with middle school reading scores, 8<sup>th</sup> grade math scores and Algebra I scores. Students with disabilities and students with Limited English proficiency (LEP) had lower percentages of students passing the EOG/EOC compared to the whole student body. Although the overall scores on the ACT were higher than the state averages, still only 28% of the tested juniors are predicted to score 75% or higher in a parallel college-level course. As the majority of our students are college-bound, this is an area for improvement.

3. What is data is missing, and how will you	go about collecting this information for future use?
Data relating to the arts education was limited. current school year.	This is an item the team will research and discuss during the
4. Based upon the analysis conducted, what	t 3-5 top priorities emerge for the school?
Cite relevant evidence from your analysis to	
Address Algebra I EOC scores. 2011-20	12 Algebra 1 scores met expected growth and 85.1% of our
students were proficient (scored 3 or 4) of 45% had growth. This current year (2013-goal is to meet growth and have 80% or goal is to m	on the Algebra I EOC. For 2010-2011, 77.6% were proficient and -14) we are teaching the national Common Core standards. Our prester proficiency on the state test

F Same

academic categories, 28%. To this end, we propose an increased emphasis on literacy across the curriculum. Incorporating literacy strategies in all subject areas supports the larger effort to prepare students to be 21 <sup>st</sup> century college- and career- ready. As such, DSA will continue a school wide literacy effort, incorporating all areas and all grades.

.

## Priority Goal 1 and Associated Strategies

## Area for improvement and supporting data:

Student Achievement-Common Core Math I. Although expected growth was achieved for Algebra I for 2011-2012, 50% of Algebra I students did not meet growth. We currently have a composite score of 85.1% of our students who are proficient (score 3 or 4). This is an increase compared to the previous year of 77.6% proficiency with 45.6% meeting growth. This current year (2013-2014) we are teaching the national Common Core standards. We will continue to support high achievement for math.

School Goal 1:	Achieve 80% or better proficiency on the end of year test for Common Core Math 1 and meet state growth.
Supports this district goal:	Increase student achievement
Target:	Maintain composite score of 80% or better and to meet state growth for Common Core Math 1.
Indicator:	State End of Course test results

# Goal 1 Improvement Strategies - Identify research-based strategies whenever possible.

Assumed June 30, 2014

Milestone date:

	<b>Strategy:</b> Provide targeted instruction & resources to enable students to be successful in Common Core Math 1.	le students to be successful in Common
	Action steps:	
	1. Teachers will collaborate on a weekly basis to create	5 Common Core 1 teachers will offer
	common assessments and meaningful lesson plans	multiple tutoring opportunities before and
		after school.
	2. Schedule at least two Common Core classes the same	6. Teachers will utilize literacy strategies
	period. After analysis of common assessment data, on	to aid students in comprehending and
Strategy 1:	accelerate days, one classroom will be devoted to	solving problems (i.e. word walls, in class
	corrective instruction and another will be devoted to	reading, etc.) and increase math fluency.
	enrichment.	
	3. Students promoted to the 9th grade but did not score	7.
	proficient on the Math8 End of Grade test will be enrolled	
	in both Common Core 1 and Foundations of Common	
	Core 1. This class is taught by a teacher in the high	
	school math department.	
	4. Offer Common Core 1 Recovery/Geometry block class	8.

Strategy: Offer after school acceleration to the students in Common Core Math I students to increase level of math lite Action steps:  1. Provide parents/guardians with online resources to help their students with online resources to help their students with math.  2. Offer DATA bus tokens to students who are in need of transportation from after school accelerating (not including normal tutoring time.)  4. Use different research-based strategies and manipulatives to target instruction for these students.  Strategy:  Strategy:  Action steps:  Action steps:	same teacher for 2 periods to give pupils a chance to stay on the Future Ready course of study and graduate with their cohort.

## Safe School Plan for (Durham School of the Arts)

Pursuant to General Statute §115C-105.47, this Safe School Plan provides required information regarding roles and responsibilities of district and school-level personnel with respect to establishing and maintaining a safe, secure, and orderly school.

Name and role of person(s) responsible for implementing this plan: Principal, all four Assistant Principals, Teachers and Staff Members at Durham School of the Arts

## Statement of Responsibility for the School District Superintendent

In accordance with General Statute §115C-105.47 (b)(2), the district superintendent is responsible for coordinating adoption and implementation of this plan, evaluating the principal's performance with respect to school safety, monitoring and evaluating implementation of this plan at the school-level, and coordinating with local law enforcement and court officials as appropriate.

In the event the district superintendent fails to fulfill these responsibilities as required by state law, the following disciplinary consequences may occur: (INSERT APPROPRIATE INFORMATION BELOW)

The consequences "may include a reprimand in the Superintendent's personnel file or withholding of the Superintendent's salary or both."

## Statement of Responsibility for the School Principal

In accordance with General Statute §115C-105.47 (b)(3), the school principal is responsible for restoring, if necessary, and maintaining a safe, secure, and orderly school environment. The duties of the principal with respect to this include exhibiting appropriate leadership for school personnel and students, providing for alternative placements for students who are seriously disruptive, reporting all criminal acts under G.S. 115C-288(g), and providing appropriate disciplinary consequences for disruptive students.

In the event the school principal fails to fulfill these responsibilities as required by state law, the following disciplinary consequences may occur: (INSERT APPROPRIATE INFORMATION BELOW)

The consequences "may include a reprimand in the Superintendent's personnel file or withholding of the Principal's salary or both."

## Statement of the Roles of Other Administrators, Teachers, and Other School Personnel

In accordance with General Statute §115C-105.47 (b)(4), other school personnel are tasked as follows with restoring, if necessary, and maintaining a safe, secure, and orderly school environment:

Assistant Principal(s): Provide a safe and orderly school climate

Teachers: Maintain a safe and orderly school climate

Teacher Assistants: Maintain a safe and orderly school climate

Other School Staff: DPS Custodial Staff - Provide a clean and healthy school climate

## Services for At-risk Students

Pursuant to General Statute §115C-105.47 (b)(5), the following procedures are used to identify and serve the needs of students at-risk of academic failure, or of engaging in disruptive or disorderly behavior, or both.

See Distract Safe Schools Plan Objectives 1.2-1.6, 1.8, 1.9, 1.14, 1.15

Pursuant to General Statute §115C-105.47 (b)(6), the following mechanisms are used for assessing the needs of disruptive and disorderly students who are at risk of academic failure, providing these students with services to assist them in achieving academically and modifying their behavior, and for removing them from classrooms when necessary.

Durham Public Schools has high standards for the behavior of students and for the safety of students and staff. The Student Code of Conduct sets the standard for acceptable behavior for students. Disruptive and disorderly students who are at-risk of academic failure receive a number of interventions including:

- Student Conference
- Team Conference
- Parent Conference
- Counseling
- Mediation
- Detention (Before/After School)
- Character Education Initiatives
- Assignment of a Mentor
- Parental Involvement
- Buddy Teacher

- Social Worker Assistance
- Positive Behavior Support
- Saturday Academy
- Mediation with an Administrator
- School Nurse Assistance
- Counselor Home Visits
- Parent Workshops
- Mental Health Services
- SAP/PEP Services
- In-school Suspension

These multiple interventions support the student, teacher, parent and staff as they work to build successful relationships. More importantly, the relationship allows for the student and teacher to build upon strengths, recognize weaknesses, and support growth and collaboration.

Pursuant to General Statute §115C-105.47 (b)(13a), the following services are provided to students assigned to an alternative school or an alternative learning program.

Lakeview School is an alternative program designed for students in grades 6-12 who have a history of chronic misbehavior and/or have been recommended for long-term suspension. There are several different components of the school developed to address the specific needs of students. The staff works with students and their families to design curriculum and personal behavior plans based on each individual student's situation. Students remain in the designated program for a determined period of time or until they meet stated goals and return to their home school or a less restrictive environment.

The mission at Lakeview School is to empower each student utilizing a systematic approach that maximizes academic potential, promotes lifelong learning and develops skills necessary for re-entry into a traditional setting. School components include: Middle and High Schools, Intervention Center, Transition Classes and the New Day program which serves court-involved youth between the ages of 12 and 15 years old.

In accordance with General Statute §115C-105.47 (b)(7), the following measurable (goal	s) for improving
school safety and order are in place. (Copy as needed depending upon number of goals.	.)

## Middle to High School Transition Plan

School:	DUR	HAM SCHOOL OF THE ARTS (Grades 6-12)
of stude	nts betw Transitio	t from the school principal, middle and high school teachers, schools will facilitate the educational transition een middle and high school who are at risk of academic failure and/or who are AlG. The Middle to High n Plan includes school-based transition strategies* tailored to meet the specific needs of the school's
		Build relationships among transitioning students, parents, older peers, teachers and key school personnel. es include (check all that apply): Develop student big sister and big brother programs. Develop smaller learning communities that are based on a content or interest area. Develop advisor and advisee programs for the middle and high schools. Develop mini courses taught by all personnel offered at both the middle grades and high schools that are based on student interest. Other: At DSA, 8 <sup>th</sup> graders are already on a high school campus so the transition is direct. 8 <sup>th</sup> grade students participate in math and art pathway classes which cross the 8 <sup>th</sup> to 9 <sup>th</sup> grade transition period. Parents, peers and school personnel meet at visual and performing art functions as well as PTSA and other functions.
X	Goal 2 apply):	Prepare students for transitioning to the next grade level, career and work. Strategies include (check all that Develop an articulated curriculum with a variety of activities for students, parents and school personnel. Create guides or handbooks to help students and teachers plan and prepare academically for the transition from 8 <sup>th</sup> to 9 <sup>th</sup> grade.  Other: At DSA, 8 <sup>th</sup> graders are already on a high school campus so the transition is direct. 8 <sup>th</sup> grade students participate in math and art pathway classes which cross the 8 <sup>th</sup> to 9 <sup>th</sup> grade transition period.
X		Develop transition programs and a variety of activities that meet the social and emotional needs of the Strategies include (check all that apply):  Have a spring social event for current and incoming high school students.  Have middle grades students shadow high school students.  Provide for across-grade and service-learning projects with grades shared by both middle grades and high school students.  Provide letter-writing programs in which eight graders correspond with high school students.  Other: At DSA, 8 <sup>th</sup> graders are already on a high school campus so the transition is direct. 8 <sup>th</sup> grade students participate in math and art pathway classes which cross the 8 <sup>th</sup> to 9 <sup>th</sup> grade transition period.
図	(check a	Develop vertical alignment planning for middle, high school and district level personnel. Strategies include all that apply):  Utilize team teaching between eighth and ninth grade teachers.  Schedule opportunities for teachers and administrators from both middle and high schools to exchange their roles and responsibilities.  Provide joint professional development in the content areas.  Other: Teachers collaborate across curriculum to ensure readiness and continuity; many teach both middle and high school courses. By having grades 6-12, DSA is in a unique position to have a smooth transition between middle and high school.
区	Goal 5 apply):	Develop and implement a plan to meet the challenges facing your school. Strategies include (check all that  Schedule community forums to engage business leaders, parents and students in a dialogue that will assist the school in developing support for intervention programs.  Seek out funding sources and support for entrepreneurial activities and courses for students and teachers to develop. Use interactive networks of people and technologies to expand the vision of your school and programs that need additional funding.  Other: 8 <sup>th</sup> graders are already on a high school campus so transition to high school is simple and direct.
